ABOUT US
ABOUT US

New Horizon Gurukul (NHG), as the name suggests, blends the heritage of the ancient Gurukul tradition and modern methods to learning in a unique system that has been made popular by the school. Learning takes place in an eco friendly environment reminiscing the Gurukula of a time gone by. This unique Gurukul concept is skilfully facilitated by the guru (teacher) to empower the Shishya's (student) experiential learning. The objective of this technique is to develop the holistic personality of the student, making him/her a better, happier and healthier individual.

How Our World is Different

A new genteel world conceptualized for the Seekers .The years of learning are made student friendly. Students carry minimum text books and note books to the school. A special feature at New Horizon Gurukul is the one-to-one relationship between the GURU AND THE SHISHYA. With a lot of patience, care and concern, the teachers,empowered by attending multiple workshops, make their sessions interesting and inspiring.

CHAIRMAN'S PERSPECTIVE

Dr. Mohan Manghnani
Chairman, New Horizon Educational Institution

Dear Parents,

A Gurukul is the abode of shishyas with their mentor, Guru. At New Horizon Gurukul we believe that after home, it is the school where learning takes place, hence a lot of care goes into recognizing a student's uniqueness. It becomes our responsibility to do the very best to ensure success and academic fulfillment for all our students through offering diverse opportunities to enhance learning so that they become world citizens resting their ethics on the golden traditions and with an inherent spiritualism which will lead them on the path towards dharma.

In this changing face of the world, we in Gurukul, believe in spirituality and morality as powerful elements that form the basis of life for an individual. It is the education dealing with the morals of life, ethics for culture and values for personality."

PRINCIPAL'S MESSAGE

Mrs. Sandhya Singh
Principal

Hari Om!

Shaping young, impressionable minds is one of life's biggest challenges. At New Horizon Gurukul, we aim to empower our students to grow as individuals, with strong open discerning minds, with an international perspective and prepare them to make a mark in the Global Village, the world has come to be today.

New Horizon Gurukul is deeply conscious of the fact that we are educating the future of India in our classrooms. Holistic education of the mind and body will ensure all-round development of children and make them confident, in working with information and ideas and appreciate the importance of our culture and community constructively in society and nation.

We are always guided by our foundational philosophy of providing children happy learning experiences, while continuously incorporating the distinct features of a school of the future, to foster critical thinking. Creativity, collaboration, and communication.

We believe in pursuing the ethos of blending tradition with modernity, wherein young learners are taught modern concepts and time tested values to make them socially conscious and well-informed leaders.

VISION

To provide a strong value-oriented education based on the principles and philosophy of the Bhagavad Gita

MISSION

To enable the youth to achieve self-actualization, spirituality and holistic living through an integrated educational programme.

MOTTO

Sarveshaampoornambhavathu (May everyone become complete in all respects).

न गुरुकुलम्

CORE BELIEFS AT GURUKUL

- Every child can succeed.
- Motivation, encouragement and hard work are the cornerstones of a child's success.
- Values such as truth, honesty, respect for others, humility, self-esteem and positive thinking are essential for emotional ... stability and the development of the individual.
- Creativity in learning is a key success factor.
- The "Healthy Body, Healthy mind" principle is the basis of personality development.
- The art of teaching is the art of assisted discovery.
- Life skills are an important component of a holistic education.

CURRICULUM

(PRIMARY CLASSES 1-5)

This new millennium is characterized by new technology, changing values and different life styles. New Horizon Gurukul reflects the changing needs of the 21st century keeping in mind the unchanging core values of Indian society.

In New Horizon Gurukul, we believe that the objective of primary education is not just to inform, but also to empower and transform. With this philosophy at its core, children make the transition from dependence to independence in a secure, stimulating and multi-cultural environment. Every child is encouraged to explore his or her budding skills within an exhilarating atmosphere that ignites the curiosity to explore and create. Well qualified and experienced teachers help unlock each child's hidden potential urging it to evolve into a life skill.

Curriculum emphasizes on lateral thinking and development of inter-personal skills. Classes I to V offer the children varied activities. These include pair discussions and group discussions which are conducted to develop their language skills and inter-personal skills effortlessly. Story-telling sessions help them in unleashing their creativity. Also, the children are encouraged to speak out, discuss, analyze and argue which help in raising their confidence levels.

CURRICULUM

(SECONDARY CLASSES 6-10)

New Horizon Gurukul is a front runner when it comes to quality education. With its excellent infrastructure and superior teaching techniques, it has become a name to reckon, with in the educational scenario in this short period of time. The CBSE curriculum guarantees innovations in teaching-learning methodologies, that are student-friendly and student - centered. To make evaluation more comprehensive, both scholastic and co-scholastic aspects are given equal importance.

Gurukul provides a versatile curriculum with a balanced blend of academic and experiential learning by providing the elements that reinforce the larger objective of well-rounded and holistic education at all levels.

We make sure that,students are introduced to Project Based Learning which enhances creativity and analytical ability

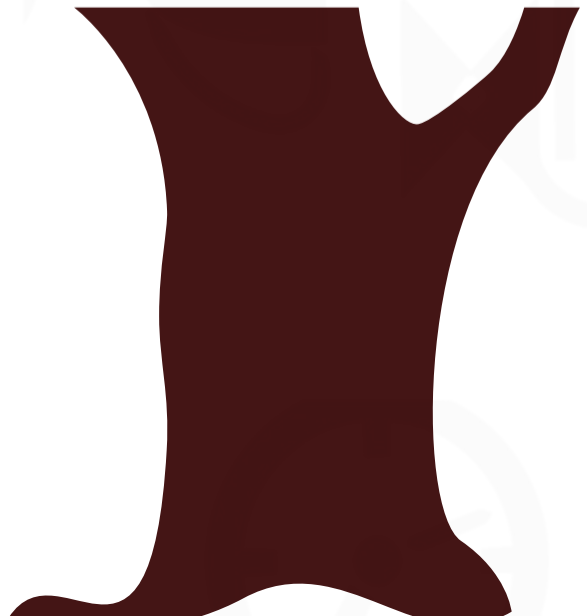

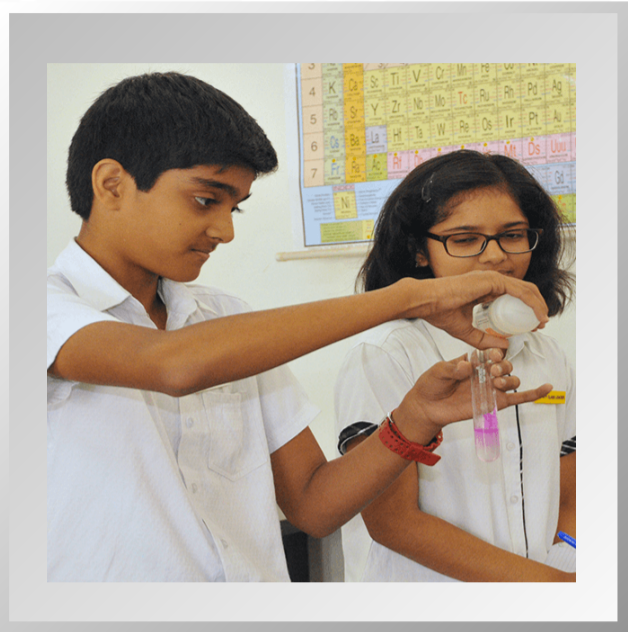

The energies of the children are diverted and encouraged towards positive activities; aptitudes are identified and counselling is provided as and when required under trained professionals.

At the Secondary level Project Based learning (PBL) methodology enhances creativity and analytical ability. Technology assisted learning is central to the academic program. Students are exposed to variety of techniques to make learning process as effective and meaningful.

Discipline is given utmost importance at this age. The children are groomed in etiquette in all kinds of interactions. The importance of goals and the necessity to reach them are explained. Dreams are encouraged, enthusiasm is awarded, and energy is diverted into positive activities.

Special care is taken to build Creative Power through - Confidence to face the Future through-

- Physical and mental fitness training Varied activities in learning
- Society related activity Etiquette grooming
- Parental involvement Continuous evaluation
- Language skills for effective communication Quality Knowledge Management
Enhancement of self-help resources for effective communication and writing skills

BEYOND ACADEMICS

At New Horizon Gurukul, the focus is on holistic development of the child and we include as a part of learning experiences that ensure the all round development of the child. These experiences are integrated into the regular learning and deliver to the students an enriched learning experience.

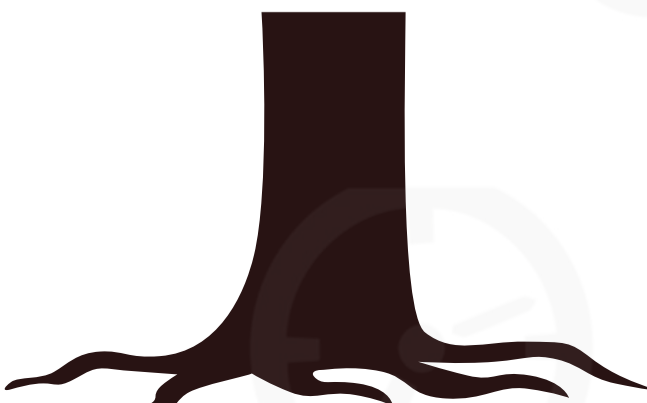

New Horizon Gurukul is one of the few schools that go beyond academics, catering to students' signature strengths. Field trips, numerous festival celebrations in school, the Annual Days and Sports Day are given as much importance as academics.

Values plus Programme by NIVE (National Institute of Value Education) is a division of ISKCON. The school works in collaboration with NIVE. The Value Plus classes are interactive and the mentors of NIVE use well mapped lesson plans to help students to connect to the message within. When they understand what true happiness is, they become the change agents to create happiness for themselves and others.

New Horizon Gurukul believes in Whole Education, placing it at par with academics.

JANMASHTAMI - DANCE

LEARNING PLATFORMS AND PARENT COMMUNICATION PORTAL

- One place to find all the communications sent by the institution via any medium.

- Photo Gallery: View photos from school activities/ school events/ classroom activities / school celebrations etc.
- Student data.
- Classroom learning: Summary view on the classroom lessons.
- PTRs (points to remember published on the portal every Friday for all classes) .
- Students can access home-work & assignments from anywhere using our ERP portal.
- Video Learn: Student views the videos in a secure environment without going to You Tube directly.
- All the above would be accessible to parents via a unique on line portal under unique log in with password protection.

CAMPUS FACILITIES

SCIENCE LABORATORIES

Laboratory teaching assumes that the manipulation of the materials of science is superior to other methods of developing understanding and appreciation. The knowledge attained in classrooms would be ineffective unless actual observation and understanding is gained by the students. Experiments at the science and maths lab help students develop a scientific temper.

COMPUTER LABS

New Horizon Gurukul has two computer laboratories with 81 computers in both labs which are accessible to students. It has advanced infrastructure in terms of hardware and upgraded software to cater to the requirements of the students, teachers and the curriculum.

MATHEMATICS LAB

A Math lab has been set up, to enrich the teaching of Mathematics at the school level. The "learning by doing" approach is practiced here to the fullest and students are made to work on projects and activities, to highlight the relevance of mathematics. The lab also encourages group learning among children. It seeks to dispel the fear of Math and thus complements classroom learning.

SCIENCE PARK

A newly inducted science park which showcases play equipment based on scientific principles is the latest addition to our infrastructure .

LIBRARY

A library is the heart and soul of every institution. Gurukul has a spacious, well-furnished and well stacked library managed by qualified librarians. There are separate dedicated corner for Primary & Secondary A variety of books are available for all age groups. This not only encourage the children's reading habit, but also trigger critical and lateral thinking through reviews.

DIGITALIZED CLASS ROOMS

Technology is entwined in almost every part of our lives. Integrating technology into the classroom is a great way to diversify learning styles for classes. The classrooms are characterized by highly interactive sessions. SMART classrooms are well equipped with smart boards with inbuilt multimedia components designed to enhance instruction and learning. The content provided is enriched by teachers with their inputs of interactive teaching pedagogy .

YOGA AND MEDITATION ROOM

Gurukul has two spacious yoga rooms where the children meditate under the supervision of qualified teachers. We celebrate the International Yoga Day to take pride in the ancient science that preaches the secret of longevity and well being. Under the guidance of our well qualified and trained gurus our children practice yoga.

MUSIC ROOMS

Gurukul provides for an unlimited access to music and all the benefits that entail through its learning. By promoting traditional music education, our aim is to foster an appreciation for music, build self-esteem, teach critical social skills and engender creativity and innovation. Music education in the school includes both Indian Classical and Western music.

DANCE ROOMS

The dance rooms at Gurukul have a state of the art facility where the students are taught various dance forms. Trained Instructors act as facilitators to Gurukulites to learn and gain knowledge of dance.

AIR CONDITIONED AUDITORIUM

An air conditioned auditorium with a capacity to seat 1000 people with state of the art acoustics and facilities is available for students round the clock . The students are encouraged to give presentations and talks on the stage to make them comfortable and confident in public speaking and improve their communication skills .

RESOURCE

COUNSELING

The primary goal of child and adolescent counseling in the school is to reduce any impediment to the child's academic performance. NHG has qualified counselors who address the needs of students and provide required guidance on the behavioral, social, interpersonal and the emotional aspects.

SPECIAL EDUCATION

Special education, an integral part of any educational institution enlarges the capacity of the system to serve the educational needs of all children. The primary function of special education is to identify children with learning difficulties/special needs and to aid in effective handling with such predicaments. Both regular and special school programs play a pivotal role in meeting the educational needs of students. The special educators, regularly conduct workshops for faculty members on careful handling of students with special needs.

ATAL TINKERING LAB

The Atal Innovation Mission (AIM) is a flagship initiative set up by the NITI Aayog to promote innovation and entrepreneurship across the length and breadth of the country. In connection with this, Atal Tinkering Lab(ATL) is setup in New Horizon Gurukul. ATL promotes creative, innovative mind set in schools. These labs are dedicated innovation work spaces where do-it-yourself (DIY) kits on latest technologies like 3D Printers, Robotics, Internet of Things (IOT), miniaturized electronics are installed, so that students from Grade VI to Grade XII can tinker with these technologies and learn to create innovative solutions.

INDOOR BADMINTON COURTS

Three well equipped indoor badminton courts have been made available to students and they are coached under strict guidance of well qualified coaches. Many of our students have started to excel at District, state and national levels in the badminton and other sports as well.

BASKET BALL AND FOOT BALL COURTS

The school has two basket ball court and a football courts of International dimensions and synthetic turf . Our Coaches are specialized to undertake coaching and our students have been excelling in the sport by winning accolades , not only in the city but even at the State level.

VOLLEY BALL AND THROWBALL COURT

The school has provision of a Volley ball and a Throw ball court with experienced coaches and many victories to our credit.

KABADDI COURT

The recent addition to our school infrastructure has been a kabaddi court and already our teams have started to leave their impression in the sport within Bengaluru. The school has an outdoor Gym and an outdoor play arena for junior students as well.

THE FIVE HOUSES AT GURUKUL

As our Vedas teach that everything in nature is made up of 5 basic elements (Panchbutas): PRITHVI, JAL, AGNI, VAYU AND VYOM. The knowledge of these elements allows one to understand the laws of nature and use it to attain greater health, power, wisdom and happiness. At Gurukul, We have chosen these five elements as our houses PRITHVI, JAL, AGNI, VAYU and VYOM for our students to embody, personify and incorporate into their daily lives. The House VYOM works extensively on our environment of our immediate surroundings, our State, our Country, our world and our Universe.

The entire school is divided in five houses headed by an elected student council. The student council election is a democratic process that involves voting by students . The elected student council is decorated with their badges and handed over their responsibilities in a highly official Investiture ceremony conducted every year .

Various Inter-house activities and competition such as :- Cooking without fire, Debate, Street play, photography , story writing, Spell bee, science project presentation, Math race and many sports Inter- house events are conducted round the year to nurture hidden talents in shishyas, thus aiming for holistic development. Through-out the year, houses under the able guidance of their house masters compete wholeheartedly and await the declaration of the best house rolling trophy eagerly .

SOCIAL RESPONSIBILITY

The school management takes its social responsibility very seriously and not only tries to inculcate these values among its students but also actively participates or conducts events to cater to their duty towards the society, its people and the Nation at large .Very Recently the school management had made a huge monetary contribution of Rs 5 Crores to the relief fund.

Our students integrate social responsibility by the way of-

- Donations/ collection drives

- Visits to NGOs
- Seva at ISKCON
- Visit to Akshay Patra : During our annual visit to Akshay Patra, our students visit and observe their kitchen and then later help serve the prepared food to the students of Govt. Schools or within the ISKCON temple.
- Helping neighbouring Govt schools by preparing learning teaching aids for their use, by painting the walls of their school and thus helping in surrounding being neat and clean.
- Hosting and making our infrastructure available to different NGOs to conduct their events, one of them being VFC.

GO GREEN INITIATIVES

Green ambassadors of New Horizon Gurukul are made to actively participate in various green initiatives undertaken by the school. Various activities have been organized at school to sensitize students on the present day environmental health needs which include workshops on composting, making solar lamps, by organic plantations in our own Terrace garden, by student- led workshops

on water conservation, by organizing cleaning campaigns, by organizing one time use plastic ban and by participating in various Inter- school competitions based on Environmental issues and winning them with their idea presentation at National level , by attending a Seed ball program on sustainable organic living.

WHY NEW HORIZON GURUKUL?

The name “New Horizon Gurukul” is synonymous with nurturing of character and development of a holistic personality. The atmosphere at New Horizon Gurukul fosters academic excellence, spiritual well-being, creative skills, social responsibility and

commitment to deliver the best. It inculcates in the child the values of kindness and fairness in all his/her dealings. The child is constantly motivated to strive towards perfection.

A Shishya from Gurukul will have the wisdom of the mentors to be able to contribute positively to oneself as well as to the society at large. The school strives to broaden the horizon of knowledge and infuse a zest for excellence. Emphasis is laid on the development of critical, analytical, problem solving and decision-making abilities to enable the student to be a powerful force for the country's socio-economic progress and change. Our excellent academic & Co scholastic achievements bear testimony to the same.

ALUMINI MEET

Our Gurukulites have travelled across the globe in search of knowledge and better career prospects. They are the pride of Gurukul. Many of them hold key positions of influence and we feel proud to see them use the influence to direct the development of our society positively.

Here are some of our students who have made us proud

1. Ms. Pavithra Prabhu, who is pursuing her higher education in the University of Washington, Seattle.
2. Mr. Srivatsan, who is pursuing law in MS. Ramaiah College of Law.

3. Ms. Vaishakhi, pursuing her medicine in BGS Global Institute of Medical Sciences.
4. Ms. MaitriUnjia, pursuing her higher education in the University ofTexas at Dallas, USA.
5. Mr. Shravan, in SRM Institute ofTechnology, Chennai.
6. Mr. Kehav KK, doing his Comupter Science Engineering in our own New Horizon College of Engineering.

Every year, Alumini meet is organized by our school.
