LOVE CHANGETH

During his early days of research on sensitivity of plants, Dr. Jagdish Chandra Bose, one of India's foremost scientists in the twentieth century, used to walk along a garden path from his house to the laboratory and back.

Along the path, was a plant of "touch-me not" which reacts by closing its leaves when anyone touches the plant. That is its nature. Dr. Bose pondered over this phenomenon. Once, he decided to try an experiment. He stood near the plant and said loudly, " Oh beautiful plant please have no fear from me. I love you. I want you to prosper. Infact, I will protect you, if necessary. Let us be friends. Have no fear on my account." Thus, everyday he used to repeat this with a feeling of love, each time he passed this plant. A few months passed.

Kargil Vijay Diwas 20th Anniversary Celebrations

"Tell them for their tomorrow, we gave our today." This must have been the last words of each and every soldier who laid down their lives during the Kargil War.

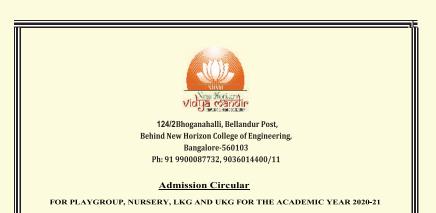

New Horizon Gurukul celebrated Kargil Vijay Diwas on 26th July to commemorate the victory by our Indian Army at Kargil. The occasion was graced by Major Santosh S, ex alumnus of New Horizon Public School as the Chief Guest, Director Ms. Sargam Manghnani, Principal Ms. Niti Mahendra, co - ordinators, teachers and students. Students sang a patriotic song and narrated poems in honour of our country's brave hearts. The star attraction of the day however was the dance drama scriptrd by Ms Nirmala Varma and choreographed by Mr. Gnanadeepan. This showcased the highlights of the Kargil War and the fearlessness and heroism depicted by the Indian soldiers as they willingly laid down their lives for the country. The programme concluded with a speech by the chief guest wherein he inspired students to join the Indian Armed Forces and feel the pride in serving our Motherland.

Founder's Day Celebrations

New Horizon Gurukul celebrated Founder's Day on 7th July with a special assembly to mark the birthday of our beloved Chairman Dr.MohanManghnani. The day was celebrated with fervor, zest and enthusiasm in the school. The lobby was decorated very creatively and colourfully with cards made by wonderful students wishing our Chairman. The program started with a speech by Prakruthi of Grade X about the Vision and Mission of our dear chairman. She also spoke about the numerous awards and honours which he had received in his life .The school choir wished our Chairman with a specially composed song. The students and teachers of New Horizon Gurukul put up a spectacular dance performance which was a real show stopper. The dancers synchronized their

movements with grace and beauty mesmerizing the audience. The event was concluded by an address by the Middle School Coordinator, Ms Mamta Gupta, wishing our Chairman good health, long life of happiness and success in all his endeavours.

One day, the scientist observed that the plant did not withdraw and did not close its leaves upon his touch. This was his greatest moment of Joy! This experiment led Mr.Bose work on plant senstivity which eventually paved way for the invention of Crescograph.

Emotional Regulation

Emotional regulation refers to the way one manages his or her emotions. It is a learned process which enables a child to adapt effectively to its environment. There are various factors that affect the way children experience and express their emotions. One of the major contributing factors of expression of emotions is parent-child attachment. A secure attachment with the parent enables the child to learn management of situations that provoke negative emotions. Attachment with the parent also serves as a base for the development of emotional vocabulary which is an integral part in the child's overall development.

A peer relationship is another important factor that contributes to the experience and expression of an emotion. Peer support has proven to be a significant contributor in reducing depression and increasing emotional expression in adolescents. As adolescence is a transitional phase, thereby children with high emotional competencies facilitate stronger interpersonal relationships. Children who are competent with their peers also show pro-social behaviours and increased self-esteem. Thus, the role of parents and peers can be significantly marked. Therefore, helping children develop expressive emotional competencies can lead to overall psychological and social well-being of the child.

Ms. Muskaan Jain, Counsellor, NHG

Many people will walk in and out of your life, but only true friends will leave footprints in your heart." -Eleanor Roosevelt

Friendship is a simple word, but carries deep meaning. It cannot be described by mere words or phrases, because everyone has a different understanding of it. Friendship is one of the most precious gifts of life. A true friend is someone who you can trust, and supports you, anytime of the day. It is that 3 a.m friend, who is by your side, regardless of time; someone shielding you from the rough issues and challenges that life throws your way.

Great friendships are about connections we make with people in our lives and much more than someone you find on Instagram or Facebook. True friendship is not something you experience via social media, but in the real world.

Friends can challenge us, confuse us, and sometimes, we may wonder why we bother. But in fact, friendship is as important to us as eating right and exercising. The friends we meet in school teach us how to be patient, reach out, and try new hobbies. When we later move to young adulthood, we learn more about taking responsibilities, finding a career path and seeking out to people as mentors. Maintaining friendships can be tough, but when we find good, decent and trustworthy friends, they can certainly make life worthwhile

Workshop on Composting

Composting is a deliberate process of preparing organic manure through the decomposition of biodegradable matter. This natural and simple process can be used to save and maximize the use of most organic wastes generated in the kitchen and thus reduce household waste and make the environment a more sustainable one by a small but powerful margin.

Mr.Krishna Kumar, a former managing Director of ETAS, Bosch and a proenvironment entrepreneur guided and inspired the Green Ambassadors of classes 3 to 9 and shared the knowledge of compost creation in home environments. There were 80 students and many teachers who took part in this workshop on 8th July 2019. Mr Kumar taught two methods of composting namely Aerobic and Bokashi/Anaerobic with lots of interaction and a wonderful sense of humour. The workshop concluded with a great applause and made all the Green Ambassadors to plunge into action with awarness to help environment in the best possible way.

Gurupurnima Celebration

"Guru Brahma Guru Vishnu Guru Devo Maheswara"

Guru Purnima is a festival dedicated to all the spiritual and academic Gurus. This festival is traditionally celebrated by Hindus, Jains and Buddhists, to pay their respect to their teachers and express their gratitude. New Horizon Gurukul celebrated the auspicious day of Guru Purnima and commemorated the birthday of sage Veda Vyasa, a respected personality who scripted the Mahabharata. Veda Vyasa, a great scholar and teacher rightly said, "As you walk with the guru, you walk in the light of existence, away from darkness and ignorance."

The day was observed with utmost significance in New Horizon Gurukul on 16th July 2019 The day began with the assembly especially dedicated to bring forth the importance of the day. The children started the programme by chanting Omkara followed by the prayer. They day's program commenced with a speech on 'The Importance of Gurus'. A special puja was offered by our Primary Coordinator and teachers, while the students chanted shlokas. This was followed by a group song celebrating the importance of a teacher in the life of a student. The students of grade 3 and 4 presented with a graceful and enthralling dance performance.

RIGHT CONDUCT - A foundation for meaningful living

Right Conduct or Dharma is "the disciplining of the human will for doing right action always." Right conduct is to be achieved through the unerring exercise of human will. Right conduct is an indispensable component of a well-integrated personality. It is the conformation of human will and its doing, (abidance) in right action. Under Indian concept, Dharma encompasses all duties and obligations of man-physical, moral, social, religious and spiritual. It regulates all activities of man from dawn to dusk, from birth to death.

In essence, Dharma implies moral conduct, which will be conducive to one's own well-being, as well as the well-being of all. It is that which keeps up the law and harmony in the creation. Everyone is but a link in the creation in the chain of creation, and, just as each link needs to be in a sound condition for the sound functioning of the chain, so also, each one's conduct should be perfect for the perfect condition and the orderly functioning of the universe.

ಗುರು ಪೂರ್ಣಿಮೆ

ಹಿಂದೂ ಸಂಸ್ಕೃತಿಯಲ್ಲಿ ನಾವು ವರ್ಷವಿಡೀ ಅನೇಕ ಹಬ್ಬಗಳನ್ನು ಆಚರಿಸುತ್ತೇವೆ. ದೀಪಾವಳಿ, ನವರಾತ್ರಿ, ಯುಗಾದಿ ಇವು ಸಂಭ್ರಮದ ಹಬ್ಬಗಳಾದರೆ 'ಗುರು ಪೂರ್ಣಿಮೆ' ಒಂದು ವಿಶೇಷ ದಿನ. ಆಶಾಢ ಹುಣ್ಣಿ ಮೆಯಂದು 'ಗುರು ಪೂರ್ಣಿಮೆ'ಯನ್ನು ಆಚರಿಸಲಾಗುತ್ತದೆ. ಇದನ್ನು 'ವ್ಯಾಸ ಪೂರ್ಣಿಮೆ' ಎಂದೂ ಕರೆಯುತ್ತಾರೆ. ಭಗವಾನ್ ವೇದವ್ಯಾಸರು

ನಮ್ಮ ಸನಾತನ ವೇದವನ್ನು ಋಗ್ವೇದೆ, ಯಜುರ್ವೇದ, ಸಾಮವೇದ ಮತ್ತು ಅಥರ್ವ ವೇದಗಳಾಗಿ ವಿಭಾಗಿಸಿದ್ದಾರೆ. ಅಲ್ಲದೆ ಇನ್ನು ಅನೇಕ ಧರ್ಮಗ್ರಂಥಗಳನ್ನು ಸಂಗ್ರಹಿಸಿ ಅಧ್ಯಯನ ಮಾಡಲು ಯೋಗ್ಯವಾಗುವಂತೆ ಪರಿಷ್ಕರಿಸಿದ್ದಾರೆ. ಇದು ನಮ್ಮ ಹಿಂದೂ ಧರ್ಮದ ತಳಪಾಯವಾಗಿದೆ.

ಭಗವಾನ್ ಶ್ರೀ ವೇದವ್ಯಾಸರಿಗೆ ಗೌರವ ತೋರಿಸುವ ಉದ್ದೇಶದಿಂದ 'ಗುರುಪೂರ್ಣಿಮೆ'ಯಂದು ಪೂಜೆಯನ್ನು ಸಲ್ಲಿಸುವರು. ಎಲ್ಲಾ ಮಠಗಳಲ್ಲಿ, ಆಶ್ರಮಗಳಲ್ಲಿ ಸನ್ಯಾಸಿಗಳು, ಗುರುಗಳು ಇದೆದಿನದಂದು ಚಾತುರ್ಮಾಸ ವೃತವನ್ನು ಆರಂಭಿಸುವರು. ಪ್ರತಿಯೊಬ್ಬರ ಜೀವನದಲ್ಲಿ ತಂದೆ, ತಾಯಿಗಳ ನಂತರ ಗುರುವಿಗೇ ಹೆಚ್ಚಿನ ಗೌರವ ಹಾಗೂ ಮಾನ್ಯತೆಯನ್ನು ನೀಡಲಾಗುತ್ತದೆ. 'ಮುಂದೆ ಗುರಿ ಹಿಂದೆ ಗುರುವಿದ್ದಲ್ಲಿ' ನಮ್ಮ ಜೀವನ ಪಾವನವಾಗುವುದರಲ್ಲಿ ಯಾವುದೇ ಸಂಶಯವಿಲ್ಲ. ಅಂಥ ಮಹಾಗುರುವಿಗೆ ನಾವು ನಮ್ಮ ಅನಂತ ವಂದನೆಗಳನ್ನು ಸಲ್ಲಿಸೋಣ.

कारगिल विजय दिवस

कारगिल की पर्वत चोटी दुरुमन था वहाँ ऊँचाई पर, चोरी से घुस आया बुज़दिल था उतरा वह नीचाई पर। वीरों ने धावा बोला और मारा फेंका गहराई पर, देश गर्व करता है अपने युवकों की तरुणाई पर।

वीर बांकुरों ने ललकारा पर्वत चोटी थी ठण्ड–भरी, था सुभाष–सा जोश बुलंदी भगत सिंह–सी खरी–खरी। वीर शिवाजी राणा प्रताप की याद में आँखे क्रोध–भरी, मार भगाया दुश्मन को भागी वो फौजें डरी–डरी।

ऐसे भारत माँ के बच्चे मान गँवाना क्या जानें? मेरे देश के लाल हठीले शीश झुकाना क्या जानें। जहाँ पढ़ाया जाता केवल माँ की ख़ातिर मर जाना, जहाँ सिखाया जाता केवल करके अपना वचन निभाना। जियो शान से मरो शान से जहाँ का कौमी गाना, बच्चा–बच्चा पहनें रहता जहाँ शहीदों का बाना। उस धरती के अमर सिपाही पीठ दिखाना क्या जानें? मेरे देश के लाल हठीले शीश झुकाना क्या जानें?

सन उन्नीस सौ निन्यानवे छब्बीस जुलाई विजय का दिन, जोश भरा था वीरों में अवसर आया वह मन–भावन । कुर्बानी को याद किया भावों में डुब गया हर मन , कारगिल विजय दिवस पर गर्वित आज भी होता है हर मन। – जय हिन्द–

Safety of children and the staff in school is of utmost priority for any institution. To educate students and teachers about the same, a fire safety demonstration was conducted in the campus during the morning assembly on 3rd July 2019. An expert fire personal from New Horizon College of Engineering explained the working pattern of fire extinguishers. Various preventive measures that one must follow during a fire breakout scenario were also discussed in detail with students of grades 6-10. It was a great learning experience for all present. Following this, there was a display of skillful, sharp and precise moves by a set of 14 judo students. The importance of self defense and improvement of concentration skills were highlighted.

SPACE – A mysterious realm of human exploration

I am here to talk about something most people don't think or bother about. Haven't we all just stared at the sky and wondered why there is a blue-coloured limit? And what lies beyond it?

When we were first introduced to the concepts of outer space, black holes, zero gravity, didn't we wonder what it's like to float between the stars while staring back at our beautiful planet wondering why our schools don't teach much about this?

We all lack the bigger picture, the ultimate reality. The universe had begun to exist about 14 billion years ago. The universe is the reason of our existence and everything happening on Earth. If it weren't for the distant star dust that created our solar system, if it weren't for the brilliant events that created our Sun and our planets, if it weren't for planets like Jupiter that shielded the earth from the most dangerous comets zipping from the outer solar system, if it weren't for the Sun's magnetic field that protected us from the super harsh radiations from Outer Space, if it weren't for the exact distance from the Sun, if it weren't for evolution, you wouldn't be reading this. No life here will exist. The odds of we, intelligent, emotional and biological creatures existing is tremendously low. We are the Universe's way of experiencing itself. The architecture and composition of our bodies as humans is perfect, and we owe gratitude to mother nature for forming us. The Universe is very VERY beautiful and at the same time is extremely dangerous and mysterious. Look at the pictures yourself, taken from the Hubble telescope.

We took the first ever picture of a Black hole using an earth sized telescope, a network of eight telescopes scattered all around the world working together to glare at the m-87 blackhole.

From matter formation to black hole evaporation, from space time to time travel, from quarks and protons to hypernovas, everything has created us, our composition and our actions.

Don't forget to keep thinking. - Srihitha, XD
