

Event: NHG Viewpoint - News Hour	
Date: Thursday, October 30, 2025	Time/ Duration: 45 mins
Venue: Respective Classroom	No. of Participants: Grades VI and VII
Objectives: • To help students stay informed about current national and international events. • To enable students to analyze news rather than just accept information blindly. • To build confidence in public speaking and articulation.	
Event Details: The students of Grades 6 and 7 enthusiastically participated in NHG News Hour, a news presentation activity aimed at enhancing their awareness of current affairs. They were encouraged to explore recent news from around the world and share their own perspectives on topics that interested them. With great curiosity and confidence, the students covered a wide range of events, including environmental issues, technological advancements, and global achievements. The activity helped them develop critical thinking, public speaking, and analytical skills. It was a meaningful exercise that inspired students to stay informed and express their opinions responsibly and thoughtfully. The enthusiasm and creativity displayed by the students made the session engaging and informative. Such initiatives foster a habit of lifelong learning and awareness among young minds.
